My second collection!
I'm so happy! ♥

Very∞Thanks

This one has a lot of fantasy stories in it. I'm nervous that my preferences will be obvious now. ^^;

Afterword

Thank you for buying this manga.

Hello. I'm Chi-Ran.

Making myself look prettier than I do in real life.

A chipmunk

This time, I used the cover design basically as it was. I like it, so I can't wait to see how it looks when it's finished. (Badump badump) The characters on the cover are ones I came up with to go with the title of the collection. (Come to think of it, this might be a trial run of sorts for me. I usually use characters from the stories in the collection.) The image is a little more adult than the one from my last collection. For the title, I tried to put my image of girls into words.

For the extra in this collection, "Love." I tried doing a normal manga, I guess? (laugh) Usually I use a lot of weird panel layouts—that's what's normal for me at this point—so you could say that I was just going back to the conventional way of doing things. When I finished, I thought to myself,

I'm terribly pleased to have been given the opportunity to draw for Yuri Hime and put these books out.

I still want to improve a lot lot lot more when it comes to drawing and expressiveness. So I have a long way to go, but I'm going to keep at it.

Well, I'm running out of space here, but I hope we'll meet again someday.

To my readers, my publisher, my editor N-sama, and everyone else involved, you have my heartfelt gratitude. Thank you!!

Chi-Ran
